## HACCP LETTER OF COMPLIANCE – 2008

Good Day:

This letter serves as our confirmation that Seatrade International is in compliance with the regulations imposed by the FDA as part of the bioterrorism act. As a direct importer of seafood and interstate shipper of fresh and frozen scallops and other seafood items, our company is registered under FDA #16882357452, and we have record keeping procedures in place to track imported and domestic seafood.

We continue to be in compliance with the HACCP regulations of December 18, 1997:

- 1) Seatrade has identified critical control points/hazard analysis for all seafood products handled by the company.
- 2) Seatrade has a standard sanitation operating procedure (SSOP).
- 3) Seatrade has adopted good manufacturing practices.

Kindly accept this letter as our Certificate of Conformance (COC). This letter should be kept on file by your company and made available for FDA officials to review upon request.

Sincerely,

Stephen C. Barndollar  
President
